

# **Setting Regulations for Owning and Operating Private Jets**

Ministerial Resolution for Setting the Regulations to Own and Operate Private Jets

**Number 1/1/2685**

**Date 29/1/1401 H**

## **From the Minister of Defense and Aviation**

Based on the requirements of the public interest which calls for systemizing owning and operating private jets in the Kingdom of Saudi Arabia.

In the light of article three of the Royal decree number 17-2-22-3484 dated 24/9/1372 H regarding systemizing air navigation which gives us the authority to systemize air navigation for civil airplanes.

The following is decided upon:

- 1- These resolutions are applied on the private jets that are operating in the airspace of the Kingdom of Saudi Arabia.
- 2- It is permitted to issue a license to own and operate private jets for the following bodies:
  - A- Government bodies if their functions required owning and operating private airplanes either directly or through contracts with others.
  - B- National companies and establishments whenever their functions in the Kingdom requires using a private jet.
